Retd. Govt. Officer, Assam

**MEMBER**  
Deben Talukdar  
Retd. Deputy Secretary,  
Assam Secretariate

**MEMBER**  
Narayan Talukdar  
Guardian Representative

## "Knowledge is Power"

Knowledge is the greatest asset of a person in today's world. The power of knowledge makes man the best creation of God. It distinguishes men from other lower animals and places them in high pedestal. The power of knowledge develops our insight which helps us to be successful in life.

So let us all, the students, staff and the parents/guardians live up to the school motto and help each other to acquire true knowledge.

"BETTER EDUCATION IS THE FOUNDATION OF A HEALTHY SOCIETY"

## FROM THE DESK OF THE ACADEMIC HEAD

It is a matter of immense happiness and pride on my part to write a few lines as the Academic Head of this great institution,

SAI RNS ACADEMY (Formerly known as Sreeram Academy International) at this state of my life my the grace of Almighty who is the Creator of this vast universe.

Education i.e., spreading of "knowledge" which bears the meaning of "power", has got a great impact on the society in which we live. We know that "A pen is mightier than a sword".

"Education" in the true sense of the term can be imparted only by the institute of great repute. So far my knowledge is concerned, "SAI RNS ACADEMY" (Formerly known as SREERAM Academy International) is such an institute where all the basic needs, particularly building character with attractive behavior-in regards to moral, intellectual and spiritual by the students who are the future nation builders of this vast country of ours, are being imparted with utmost care by highly qualified faculties in different branches of study.

To my estimation and long experience, I have come to know that "Teaching profession" is the noblest and most respected profession in the world and our faculty members who being sufficiently qualified in this field are also rendering their level best to mould the character of the students. Myself also trying my best with utmost efforts of the teachers to make the academic scenario of this academy to have brilliant results with flying colours.

The authority has entrusted upon me with the greatest responsibility for the upliftment of the academic performance of the students. Everyone of us must think the principle of 3H-(i) Head (ii) Heart and (iii) Hand. By "Head" we are to think what is to be done. By "Heart" i.e., mind, we are to take decision and at last by "Hand" we are to do the things to materialize.

I do hope, with the active co-operation by the teachers, guardians and management and by the grace of Almighty, we shall be able to achieve our cherished goal which is a crying need of the hour.

**May God Help us all**

With Best Regards  
Luizee Baruah  
Academic Head

(SAI RNS ACADEMY) Kahilipara, Ghy - 19

# SAI RNS ACADEMY

"A PROPER EDUCATION WOULD HELP NURTURE A SENSE OF DIGNITY  
AND SELF RESPECT AMONG CHILDREN AND INDIA WOULD GET A NEW LIFE"  
*APJ ABDUL KALAM*

- Cost of Uniform are not included.

## FROM THE DESK OF CHAIRMAN

*Dear Parents,*

*In the present age man is in the pursuit of materialistic gains through which he tries to satisfy himself. Consideration of the society is the last thought he has. Today's budding child are grooming in a more challenging and demanding environment. The rate of change in every sphere is rapid, with the enhanced knowledge exchange and technology development, the world is going flatter.*

*Globalization demands a new dimension to our approach to education. Such an education means imparting skills that would develop mental agility in individuals to confidently interact and in diverse environment.*

*Dreams are extremely important, you cannot realize it unless you dream for them. SAI RNS ACADEMY formerly known as SREERAM ACADEMY INTERNATIONAL my, "Dream Project" has been established with the sole motto of making you achieve the best for your child. To provide total education to your child, education from the playgroup stage to the degree level has been planned. In this attempt, I could only fulfill my project from the playgroup to the Higher Secondary Sr. Secondary level comprising of all the three steams (Science, Arts, Commerce)*

*SAI RNS ACADEMY already has the facility of imparting education to "The Residential" and "The Day School" sensing the requirement of the working parents and their children against the monotony of home task, tuitions, school bags and also to fulfill the co-curricular need of the child, this Academy has come up with the modern concept on the "DAY BOARDING SYSTEM". Believing that education is all pervasive, the school programme of the "DAY BOARDING" system has been determined in the light of the interest and necessities, which are required to groom your child's personality.*

*So, this Academy aims at helping the growing child to draw out the best in him, to meet the Various challenges of life.*

*I assure you that SAI RNS ACADEMY will leave no stone unturned in rendering the best to your child and shouldering the responsibility of building promissing citizens of tomorrow.*

With best regards to all

*Dr. Dulal Talukdar*

Chairman

SAI RNS ACADEMY

## FROM THE DESK OF DIRECTOR

To all my dear Students, Parents and my fellow Staff Members,

We live in an age of constant change where the criteria to be the best is getting more and more challenging. Because mankind in the 21st century has crossed the boundaries of its own imagination. We live in a world where, travelling to Mars is no longer considered a Science Fiction Topic and neither is wearing masks a part of an apocalyptic movie. Change and surprises have become a part and parcel of our daily lives and it is these changes that should excite us for the times ahead.

We as responsible citizens of the society have to do everything possible to attain the best standards of our lives and make sure we are able to fulfill our obligation towards our children by creating the right atmosphere for the Utopian system of Education.

By incorporating the demands and needs of a digitized 21st century, SAI RNS ACADEMY is on a mission to cater to all the present day demands of the children and help them become civilized members of our society. We have been incorporating new additions to our school curriculum as well as to our infrastructure at a very brisk pace in order to provide the best of arrangements for our students. As a modern-day educational institute, it is our moral obligation to incorporate a culture into the students that they find meaningful.

To all my dear students, I want to say that Challenges are an integral part of our lives. And we all should have the courage to face them head on. Because if we don't face them, we are bound to fail but if we face them no matter how big those challenges are it gives us an edge and puts us in a better situation than certain failure.

Lastly, I would like to add a sincere note of thank to the three most important branches of our/any educational institute, The Students, The Parents and our fellow Faculty Members. Without your support none of this would have been possible. It gives me an immense pride to be a part of this incredible institution that has faced so many hurdles and has yet been able to survive the test of time. The last two years due to the Covid pandemic were one of the toughest periods known to the history of mankind as so many of us lost our dear ones. So many of us went through such tumultuous times in almost each and every aspect of our lives, and yet we all have come through this dark phase and have risen together for the betterment of our society.

I wish we all have a fantastic academic session ahead and I wish we will be guided by our benevolent intentions which would enable us to aim for the stars and be the best version of our ourselves.

With Best regards  
Neelkamal Kashyap  
Director, (Academic Affairs)  
SAI RNS ACADEMY
