Knowledge is Power

Knowledge is the greatest asset of a person in today's world. The power of knowledge makes man the best creation of God. It distinguishes men from other lower animals and places them in high pedestal. The power of knowledge develops our insight which helps us to be successful in life.
So let us all, the students, staff and the parents/guardians live up to the school motto and help each other to acquire true knowledge.

"BETTER EDUCATION IS THE FOUNDATION OF A HEALTHY SOCIETY"

“A PROPER EDUCATION WOULD HELP NURTURE A SENSE OF DIGNITY AND SELF RESPECT AMONG CHILDREN AND INDIA WOULD GET A NEW LIFE.”

INTRODUCTION

SAI RNS ACADEMY an English Medium Sr. Secondary School affiliated to Central Board of Secondary Education, Delhi, from Classes NUR, LKG, UKG & Class I - XII (Science, Arts & Commerce) has been established in the year 2000, to impart modern and quality education of world standard, as well as to imbibe the moral values and respect for Indian Culture.

- The school believes in strictness without being harsh. Interaction between teachers and students assures and develops good manners, etiquette and proper behaviors in the students.
- Spare time of students is utilized to occupy them in worthwhile activities under CCA (Co-Curricular Activities).

It is a matter of immense happiness and pride on my part to write a few lines as the Head of this great institution, SAI RNS Academy, at this stage of my life by the grace of Almighty who is the Creator of this vast universe. "Education" i.e. spreading of "Knowledge" which bears the meaning of "power" has got a great impact on the society in which we live. We know that "A pen is mightier than a sword" "Education" in the true sense of the term can be imparted only by the institute of great repute.

So far my knowledge is concerned. "SAI RNS Academy" is such an institution where all the basic needs, particularly building character with attractive behaviour- in regard to moral, intellectual and spiritual, by the students who are the future nation builders of this vast country of ours, are being imparted with utmost care by highly qualified faculties in different branches of study.

To my estimation and long experience, I have come to know that "Teaching profession" is the noblest and most respected profession in the world and our faculty members who being sufficiently qualified in this field are also rendering their level best to mould the character of the students. Myself also trying my best with utmost efforts of the teachers to make the academic scenario of this academy to have brilliant results with the flying colours.

The authority has entrusted upon me with the greatest responsibility for the upliftment of the academic performances of the students/Every one of us must think; the principle of 3H-(i) Head (ii) Heart and (iii) Hand. We are to think what is to be done (ii) by Heart i.e. mind, we are to take decision and at fast by (iii) 'Hand-toe are to do the things to materialise.

I do hope, with the active co-operation by the teachers, guardian and management and by the grace of Almighty, we shall be able to achieve our cherished goal which is a crying need of the hour. May God help us all.

With Best Regards to all

(Dr. Dulal Talukdar)
Chairman
Sai RNS Academy

From the desk of the Academic Director

To all my dear students, parents and my fellow staff members,

We live in an age of constant change where the criteria to be the best is getting more and more challenging. Because mankind in the 21st century has crossed the boundaries of its own imagination. We live in a world where, travelling to Mars is no longer considered a Science Fiction Topic and neither is wearing masks a part of an apocalyptic movie. Change and surprises have become a part and parcel of our daily lives and it is these changes that should excite us for the times ahead.

We as responsible citizens of the society have to do everything possible to attain the best standards of our lives and make sure we are able to fulfill our obligation towards our children by creating the right atmosphere for the Utopian system of Education.

By incorporating the demands and needs of a digitized 21st century, SAI RNS ACADEMY is on a mission to cater to all the present day demands of the children and help them become civilized members of our society. We have been incorporating new additions to our school curriculum as well as to our infrastructure at a very brisk pace in order to provide the best of arrangements for our students. As a modern-day educational institute, it is our moral obligation to incorporate a culture into the students that they find meaningful.

To all my dear students, I want to say that Challenges are an integral part of our lives. And we all should have the courage to face them head on. Because if we don't face them, we are bound to fail but if we face them no matter how big those challenges are it gives us an edge and puts us in a better situation than certain failure.

Lastly, I would like to add a sincere note of thank to the three most important branches of our/any educational institute, The Students, The Parents and our fellow Faculty Members. Without your support none of this would have been possible. It gives me an immense pride to be a part of this incredible institution that has faced so many hurdles and has yet been able to survive the test of time. The last two years due to the Covid pandemic were one of the toughest periods known to the history of mankind as so many of us lost our dear ones. So many of us went through such tumultuous times in almost each and every aspect of our lives, and yet we all have come through this dark phase and have risen together for the betterment of our society.

I wish we all have a fantastic academic session ahead and I wish we will be guided by our benevolent intentions which would enable us to aim for the stars and be the best version of our ourselves.

With Best Regards to all

From the desk of the Principal

Dear Parents, Students, and Well-Wishers,

It is my privilege and pleasure to welcome you to Sai RNS Academy, Kahilipara, Guwahati.

At Sai RNS Academy, we believe that education is not merely about academic achievement; it is about shaping young minds and nurturing responsible, confident, compassionate, and capable individuals. Our endeavour is to provide a stimulating, inclusive, and supportive learning environment where every child is encouraged to discover their strengths, explore their potential, and develop a lifelong love for learning.

We are committed to imparting quality education enriched with strong values, discipline, integrity, creativity, and respect for others. We strive to empower our students with the knowledge, skills, and confidence they need to face the challenges of an ever-changing world while remaining firmly rooted in our cultural and moral values.

We believe that the holistic development of a child is a shared responsibility between the school, parents, and the wider community. With your continued support and partnership, we can create an environment where every child feels valued, inspired, and motivated to achieve their aspirations.

Let us work together to nurture young minds and inspire them to become thoughtful, responsible, and successful citizens who will make a positive difference in society

With Best Regards to all
